2. Day 1: Snuggled in a blanket

Evanora didn't like to think of Draco Malfoy as one who liked to hog certain things, yet here the female wizard is going over her potions homework while the cool seeps in with every inch of the extremely soft blanket tugged away. "Draco, you're taking away the warmth I had," she warned, using her wand with a slight wave to bring the blanket back over her lap.

"You like it when I do it because then it means we can share the blanket," the white blonde haired Draco says as he moves to shift over to sit beside her on the common room couch.

Evanora's lips pucker into a thin frown as she regards him with a narrow gaze. "You're not funny, Malfoy. You hate cuddling, and we both know it," she tells him.

"Enlighten me, sweetheart," Draco simply replies as he drapes one arm over her shoulders, cradling her close and pressing a kiss to the side of her head.

On second thought, potions homework could wait.

3. Day 2: Feels to reach a goal

Tiny uses the toes of her left foot to carefully flip the wooden skateboard, concentrating as best she could under the scrutinizing gaze of Billy Hargrove. It wasn't an easy accomplishment, getting a skateboarding lesson from a boy like Billy, but he had been determined to teach Tiny the correct ways of it.

Summer in Hawkins, in Tiny's namesake town, was pretty miserable. Hot, muggy and miserable. But it helps getting to spend it with the "new boy in town", as her longtime friend Nancy Wheeler describes Billy as.

When Tiny finally, successfully, gets the skateboard to flip, joy overtakes her. Jumping up and down in her overtaken joy, the blonde haired teenager flings herself toward Billy; the mood quickly changing as her lips press to his, giving her an electrical shock wave and making her jump back away from him at the sudden charge. "I... I apologize. I don't know what came over me."

"You done yet, sweetness?" Billy says in a low tone, shocking even himself as he takes a step closer; hand trembling as it lifts toward her face.

Tiny doesn't move an inch as his hand cups itself beneath her chin, fingers of his other hand gliding themselves toward the back of her head. Before she can so much as gulp with nervousness at how close he was, Tiny is swept into a kiss that is anything but short and sweet.

Notes for the Chapter:

I wrote Billy a little OOC here, using the affectionate nickname sweetness as something he calls Tiny.

4. Day 3: Coming in from the cold

Amy quickly hoists her son Olivier into her hands, making sure to be careful with the bundle that was her daughter Amelia in a sling inside her winter jacket so as not to squish the infant. Olivier, not wanting to come back into the apartment complex after having so much fun in the snow, wriggles against his mother's light hold. "Mommy! I wants to go back out and play!"

"You've had enough fun for one day, young man," Amy says with a stern tone.

"I thought I heard the voices of two of my favorite people," Amy's husband Omar, affectionately known to her colleagues and his colleagues as "O.A.", says as he walks over to greet her with a kiss to the side of her head.

"You did indeed, and you can take care of little man for me while I go put Amelia in her bed," Amy says with a heavy sigh, placing Olivier into his daddy's arms.

Notes for the Chapter:

I was originally going to have this be Nigel Berbrooke and an O.F.C. from Bridgerton but I decided to make theirs the prologue for my story with Berbrooke & Harper (the original character). So enjoy this AU with O.A. from FBI and his girl Amy, an original female character played by Brie Larson.

5. Day 4: Climbing into the shower/bath

Kumiko reaches up to remove the last pin from the bun her hair was pulled up into, letting her hair shake loose until it hovers just above her shoulders. “Let me take care of that for you, Bǎobèi,” a voice whispers into Kumiko's ear, the voice familiar in lull and accent. (“*babe*”)

“Hǎo de,” Kumiko responds in a quiet tone, allowing Chozen to take lead over helping her into the shower while also gently working at the kinks in her shoulders. (“*Okay*”)

Chozen gives her a gentle smile filled to the brim with how much he loves her despite what happened in their pasts.

Notes for the Chapter:

So, originally, I was going to have this be Sam/Robby but my muse decided to take it in a different couple-y direction and write it with Kumiko/Chozen instead. Enjoy, no matter if you have/haven't seen/heard of Cobra Kai before!

6. Day 5: First thing you see every day

Jamie's tiny fingers are gentle as they pluck at the light-haired eyelashes belonging to her father Angus "Mac" MacGyver while he's sleeping in bed. Named after her grandfather James, the 4 year old is about to tell him to wake up for the day when her mother Amara quietly hisses from the bedroom doorway, "Jamila Jacqueline MacGyver! What are you doing?"

Before Jamie has a chance to respond, her tiny waist is apprehended with large hands and Jamie begins to squeal as the hands which hold her gently squeeze her sides; making her also laugh loudly as she attempts to squirm away and off of the bed. "Here comes the monster!" Mac yells with triumph as both his wife and daughter prepare to scramble from the bedroom in order to run through the hallway toward the living room, and the rest of the house they occupied close to Phoenix's headquarters.

Notes for the Chapter:

As stated in the first chapter with notes and the prompt list, Amara is played by Hailee Steinfeld and she belongs to me as one of my assortment of original characters for nearly every fandom I've written (except for a few).

7. Day 6: The smell of cupcakes

Molly Hicks didn't know what was cuter, her husband or their daughter Jamie. Although the two of them playing together was definitely the cutest in her opinion. As Molly watches the pair ice some cupcakes for Emily Kay's birthday party later that afternoon, she realizes that her luck didn't run out when it did; it only grew stronger from the moment she and Jim had met. And, now, with their second child on the way, she didn't have to worry about an ex that either one of them had dated in the past trying to intervene in their relationship. "Mommy, come and help us!" Jamie yells out to her mother, beckoning from where she sits on a bar stool scooted up to the kitchen island.

"Yeah, babe, come and help us," Jim coaxes his wife, bringing the mixing spoon over to her. Molly smirks and takes it from his hand before bringing it up to smear the icing onto one cheek of his face. "Oh, it's so on."

"Uh oh, Jamie, time to make a run for it!" Molly says with a chuckle and a squeal as she is suddenly picked up in strong arms, thrown over Jim's shoulder as if she were a sack of potatoes.

8. Day 7: Favorite weather

Kristy's gentle hands lift Ellie's tiny form as the infant fusses for a moment before settling against the warmth of her mother's chest with a quick snuggle. Kristy smiles at this before turning toward Bruce. "I hope you're ready for a day of fun with the Thomas-Taylor bunch," she tells him, the smile remaining firmly on her face.

He bends to give her a quick peck on the lips. "More than ready," Bruce replies, and the two of them head out the door of Kristy's Stanford, Connecticut home with Kamryn and B.J. trailing behind.

"Mom?" Kamryn's timid and hesitant voice speaks up from behind Kristy, making the older of the two redheads turn and give her daughter a curious look. "Is Bruce going to come and live with us here in the house?"

"Oh, sweetheart, I know you're worried about that but I can assure you that Bruce is going to great lengths to find our dream house where we can raise you, B.J. and Ellie but also so that you can live close enough to your father as well," Kristy replies, pulling her daughter into a fierce and one-armed hug; kissing the top of Kamryn's head.

Kamryn snuffles a little. "I know you'll always love Daddy, and nothing will change that, but I know you love Bruce too."

"I do, baby girl. And I love you, your brother & sister too," Kristy replies, holding her oldest daughter close.

Bruce smiles at the scene before him. A snow day with Kristy turned out to be one of his favorite weather kind of moments.

Notes for the Chapter:

So this little one-shot is dedicated to my writing mentor and one of the most phenomenal writers I've ever had the privilege of getting to know over the almost 12 years I've been writing fan fiction. Dee, I hope you'll be pleased with the final outcome result

of what I came up with to end the 7 day prompt challenge!
